Summary box

Account name Fixed Bond (348) 31.12.2025

What is the interest rate?

	Annual interest	Monthly interest	
Balance	AER*/gross p.a.	AER	Gross p.a.
£0.01 plus	4.05%	4.05%	3.98%

The interest rate is fixed until 31 December 2025.

We calculate the interest daily and pay it annually (either into this account or to another suitable account) at the end of 31 December or monthly (to another suitable account only), at the end of the last day of each month.

Can Coventry Building Society change the interest rate?

The interest rate is **fixed**.

No matter what happens to interest rates generally, we won't change the rate until the account matures at the end of 31 December 2025.

What would the estimated balance be after 15 months based on a £1,000 deposit?

£1,051.12

This would be the balance after 15 months if £1,000 was paid in on 1 October 2024 all interest was paid back into the account, and no money was taken out or paid in.

This illustration is just an example to help you compare accounts. It does not take into account any individual circumstances.

What happens when the bond's fixed period ends (matures)

This Fixed Bond (348) will mature at the end of 31 December 2025.

We'll write to you at least 14 days before the account matures with details of how you can re-invest your savings with us, or take out some or all of your money. There'll be a default option - another bond with us. The length of the fixed bond

will either be shorter, the same or no more than six months longer than the duration of your current bond, and options to take money out will be no more restrictive than the options offered by your original account.

At maturity, the money in this account will be automatically re-invested into the default option unless you have asked us to do something else with it. However, you'll have the option to close your new bond, without being charged, within 21 days after the end of your fixed period.

Additional information

We pay your interest gross. The gross rate is the interest payable before the deduction of tax.

*AER stands for Annual Equivalent Rate and illustrates what the interest rate would be if interest was paid and added each year.
